

FAHIM FAYSAL NIRJHAR

☎ 01704202686 | fahimfaysal1995@gmail.com | [LinkedIn](#) | [GitHub](#)

I am a fresh graduate in Computer Science & Engineering with a strong interest in building interactive and responsive web applications using React.js. I worked full-time as a Webmaster, where I gained hands-on experience in website management, deployment, maintenance, and solving real-world web issues. Skilled in JavaScript, HTML5, CSS3, Tailwind CSS, and DaisyUI, with experience designing user interfaces in Figma and deploying projects via Netlify, Vercel, and Surge. Proficient in Git & GitHub and continuously improving my skills in modern web development.

AREA OF EXPERTISE

- React.js
- JavaScript
- TailwindCSS
- CSS3
- HTML5
- Photoshop
- Git & GitHub
- WordPress Theme Customization
- UI/UX Design & Prototyping (Figma)
- Responsive & Mobile-First Design

PROFESSIONAL EXPERIENCE

DrikNEWS, Web Master

November 2021 - July 2024

- Converted PSD designs to Figma prototypes, built them into React applications, and deployed the site on Google Cloud for smooth performance.
- Configured company domain email using Microsoft 365, ensuring professional communication and proper email management.
- Maintained and updated frontend components using React, improving UI and user experience.
- Ensured website responsiveness, performance, and cross-browser compatibility.
- Updated website content, images, and pages regularly; fixed frontend bugs and UI issues.
- Created and managed company social media accounts; monitored engagement and growth.
- Supported digital marketing campaigns across social media and web platforms.
- Coordinated with backend developers and marketing teams for website improvements.

PROJECTS

Book-Vibe-React-Web App

<https://github.com/FahimFaysalNirjhar/Book-Vibe-React>

- Book Vibe – A responsive React web application for book lovers, allowing users to browse books, view detailed information, and manage reading lists and wishlists. Built with React, React Router, Tailwind CSS, DaisyUI, and localStorage, featuring interactive notifications with SweetAlert2 and Toastify.

English-Zanala Web App

<https://github.com/FahimFaysalNirjhar/English-Zanala>

- A dynamic vocabulary learning web app using JavaScript and Tailwind CSS with API integration, lesson-based navigation, modal word details, and English pronunciation support via Web Speech API.

Payooo – Money Management Web App

<https://github.com/FahimFaysalNirjhar/Payooo-Balance-Transfer-Web-App>

- Developed “Payooo,” a responsive money management web app using HTML, CSS, and JavaScript, featuring real-time transactions, form validation, and mobile-friendly design.

PH Tube

<https://github.com/FahimFaysalNirjhar/PH-Tube>

- Developed “PH Tube,” a responsive web-based video streaming app using HTML, CSS, and JavaScript, featuring dynamic category filtering, search functionality, API integration, and interactive video detail modals

Currency Converter Web App

<https://github.com/FahimFaysalNirjhar/Currency-Converter>

- Developed a responsive Currency Converter web app using HTML, CSS, and JavaScript, with real-time exchange rates for 200+ currencies and dynamic flag updates.

2048-Classic

<https://github.com/FahimFaysalNirjhar/2048-Classic>

- Developed a responsive Currency Converter web app using HTML, CSS, and JavaScript, with real-time exchange rates for 200+ currencies and dynamic flag updates.

SecureKey – Random Password Generator

<https://github.com/FahimFaysalNirjhar/Random-Password-Generator>

- Developed “SecureKey,” a responsive password generator web app using HTML, CSS, and JavaScript, featuring customizable password options, real-time generation, and one-click copy to clipboard.

Bubble Game

<https://github.com/FahimFaysalNirjhar/Bubble-Game>

- Built a Bubble Game using JavaScript event bubbling with dynamic bubbles, scoring, and timer functionality.

Rock Paper Scissors Game

<https://github.com/FahimFaysalNirjhar/Rock-Paper-Scissors>

- Created a Rock Paper Scissors web game using HTML, Tailwind CSS, DaisyUI, and JavaScript with dynamic scoring, animations, and interactive gameplay.

Tic Tac Toe Game

<https://github.com/FahimFaysalNirjhar/Tic-Tac-Toe>

- Built a Tic Tac Toe web game using HTML, CSS, and JavaScript with automatic winner detection and reset functionality.

Nature's Platter

<https://github.com/FahimFaysalNirjhar/Natures-Platter>

- Pixel-perfect Figma design implemented in Tailwind CSS with DaisyUI for a fully responsive, visually accurate landing page.

Kids Education

<https://github.com/FahimFaysalNirjhar/Kids-Education>

- Designed a responsive Kids Education landing page using Figma, HTML & CSS.

EDUCATION

Bachelor of Science in Computer Science and Engineering (CSE)

2025

- BRAC University, CGPA: 2.58 (Out of 4.00).

Higher Secondary School Certificate(Science)

2014

- Group: Science, GPA: 5.00 (Out of 5.00).
